To Whom It May Concern:

I am writing today to recommend Dhruv Maniar for employment opportunities. I currently serve as the supervisor for Dhruv for the past year. Throughout Dhruv's employment within our First-generation transition and mentoring program, Dhruv has had the opportunity to collaborate with many student leaders. Administration, and other departments around campus. He has excelled in creating ideas for promotion, recruitment, and other programming ideas for the program.

We are sad to see Dhruv come up to his senior year, but we are proud of the accomplishments and footprint that he will be leading here at TTU. Dhruv has a passion for engineering, and I know that wherever his future employment takes him, he will strive with honor, as our Red Raiders say. Dhruv will be an asset to any company he joins; he brings tremendous skills, knowledge, and enthusiasm to whatever he is given. He is a very bright, passionate, and qualified individual and a pleasure to work with.

For the past year that I have supervised and worked with Dhruv, I was impressed by his ability to communicate the effectiveness of our departments here at TTU and be a support system to our First-Generation students. She was personally responsible for providing holistic support to students and stakeholders of TTU and the community.

During my acquaintance with Dhruv, he has been efficient, professional, organized, and a fantastic part of our First-Gen and TTU Family. He has my highest recommendation for any position that he applies for.

Sincerely,

Sharon Gonzales, M.Ed.
